Latino Vote: Dispatches from the Battleground
October 6 at 9PM
For the first time, Latinos in 2020 will be the largest racial or ethnic minority group in the electorate. However, in past presidential elections, growing numbers of eligible voters have not always translated into voters who cast ballots on election day. With Latino communities across the country disproportionately impacted by COVID-19, this documentary explores how organizers and campaigns are working on getting out the Latino vote.

Sunday Night Dramas

Three premieres this month make Sunday nights even more dramatic!

On October 4 at 9PM, it’s the premiere of Flesh and Blood on MASTERPIECE. This juicy mystery tackles the perils of late-life romance as the lives of three siblings are disrupted when their recently widowed mother declares she is in love with a new man. A tangled web of secrets, lies, and betrayals await in this thrilling new series.

On October 4 at 10PM, political drama COBRA premieres. Follow the British prime minister and his team of contingency planners and senior politicians as they navigate a major national crisis.

On October 18 at 8PM, it’s the premiere of The Trouble with Maggie Cole. This new comedy-drama delves into what happens when idle gossip escalates out of control. Set in a picturesque fishing village, the series centers on Maggie Cole, the self-appointed oracle of this close-knit community, making it her business to know a little bit about everyone’s lives.

Want to watch them all at once? Members can stream all three series the same nights they premiere on the PBS Video app with KVIE Passport. Visit kvie.org/passport to learn more.

**Driving While Black**

**October 13 at 9PM**

Driving While Black explores the automobile’s role in the lives of African Americans in the early 20th century. While cars brought new freedoms and accessibility for African Americans, they also brought new perils and forms of discrimination. Drawing on over a decade of research from acclaimed African American historian Dr. Gretchen Sorin, this film chronicles a crucial and transformative period in American racial, cultural, and social history.

**Finding Your Roots**

**October 13 & 20 at 8PM**

Dr. Henry Louis Gates, Jr. returns with some of today's brightest personalities to discover the surprising stories within their family histories with two new episodes of Finding Your Roots. From uncovering the family trees of three trailblazing fashion icons to using DNA detective work to reveal the names of mysterious relatives, join Dr. Gates and his team of genealogists as they share surprising ancestral stories and explore how science and history can inspire the next generation.

**NOVA: Nature’s Fear Factor**

**October 14 at 9PM**

For animals in Mozambique’s Gorongosa National Park, the balance was upended by the fear they inspire? Join a team of scientists as they reintroduce wild dogs to Gorongosa to find out if restoring the park’s “landscape of fear” can restore balance to an entire ecosystem.
Nature: Pandas – Born to Be Wild
October 21 at 8PM
The Giant Panda may be one of the most recognizable endangered species on our planet, but the daily lives of wild pandas remain a mystery – until now. Follow two Chinese cinematographers over three years as they trek through the steep forested trails of the Qinling Mountains to catch a glimpse of pandas in the wild. While pandas are often known for their playful image in captivity, their findings reveal that wild pandas are solitary and territorial.
