Ireland Made with Love
August 14 at 9PM
Travel to the Emerald Isle to explore the legacy of craftsmanship through the skill, pride, and love that go into legendary Irish products. Examine the traditional techniques of Irish masters through a journey around the country, including a basket weaver in Galway, wool weavers in Kilkenny using 800-year-old methods, and one of the last master crystal engravers in Waterford. From the spectacular cliffs on the Atlantic coast to medieval castles and historic villages, Ireland’s epic landscape and rich culture are gloriously showcased.

Thursday Night Dramas

Doc Martin, The Indian Doctor, and Hamish Macbeth continue!

The Thursday night lineup of comedy-dramas may just be what the doctor ordered! Season 8 of Doc Martin continues at 8PM. Dr. Martin Ellingham, the curmudgeonly practitioner in the Cornish village of Portwenn, and his wife, Louisa, are still struggling as new parents amidst a medical hearing, shenanigans in the village, and an American tourist as a new patient (guest star Sigourney Weaver).

The Indian Doctor, set in a Welsh mining community, also continues on Thursday nights at 8:46PM. Kamini is still desperate to leave Trefelin, but she finds herself becoming the only person who can help local tearaway Dan. Then in season 2, Preml and Kamini nervously await the arrival of his dreaded mother-in-law, Pushpa.

At 9:31PM, it’s the first season of Hamish Macbeth! The offbeat “whodunit” series follows a young policeman with a shrewd knack for solving cases in the Scottish village of Lochdubh. The season continues with Hamish taking on a variety of cases, including a suspicious robbery, a shifty bank manager, tracking down two escaped convicts, and a treacherous trek in the mountains.

A Night of Underwater Exploration with NOVA

On August 30 at 8PM, examine the greatest unsolved mystery in Arctic exploration on Arctic Ghost Ship. In 1845, British explorer Sir John Franklin set off to chart the elusive Northwest Passage, commanding 128 men in two robust and well-stocked Royal Navy ships. And yet – they were never heard from again. Now, follow a Canadian team as they make a breakthrough discovery of one of Franklin’s lost ships – and find a vital clue of what led to the fate of the lost expedition.

And at 9PM that same night, follow the epic operation to secure, raise, and salvage the Costa Concordia cruise ship on Sunken Ship Rescue. The ship ran aground and tragically capsized off the coast of Italy on January 13, 2012, killing 32 passengers. Moving the massive shipwreck – which stretches the length of three football fields, weighs over 114,000 tons, and lies half submerged on the site of a protected reef – will be a huge technical and logistical challenge. Follow a team of more than 500 divers and engineers working around the clock as they attempt the biggest ship recovery project in history.
