Day of Days: June 6, 1944

July 25 at 10PM

On June 6, 1944, thousands of Allied servicemen landed on the shores of northern France, tasked with liberating western Europe from Nazi tyranny. Over the ensuing hours and days, the men faced decimating machine-gun fire, mortars, and artillery, eventually fighting their way inland — but not before suffering a staggering number of casualties. Meet four D-Day veterans sharing their experiences at the famed Museum of World War II.
